

A Social Story: People are all different

**Not everybody looks the same.
People have different skin colour, hair colour
or eye colour.**

**Some people have to use a wheelchair or a walking stick.
Some people cannot see.**

The world would be boring if we were all the same.

I love that everybody is different.

If I see someone who looks different to me, I don't point or stare.

I can smile at them or just treat them the same as anyone else.

I play with people even if they look different to me.

It is fun to make friends with all sorts of people.

Some people dress differently to me.

Sometimes they cover their head or their face.

This is fine, everyone can dress however they want.

The world is a much nicer place when everyone is different.

I can make friends with anybody as long as my parents know.
