

Up to 12 × 12 Times Table Kaboom Game

Instructions

This is a game for two or more players.

Kaboom is a fun way to learn your times tables. The aim of the game is to collect as many times table strips as possible. But be careful of those kaboom strips!

You will need:

- Cup (make sure it's not a see-through one)
- Times Table Strips
- Kaboom Strips (x4)
- Answer Sheet

How to Play

1. Put all the times table strips and kaboom strips in the cup. Put them with the bomb picture at the top of the cup. Mix them all up.
2. Take it in turns to pull out a strip. If you get a times table strip, tell everyone the answer.
3. The other players check your answer using the answer sheet.
4. If you get the answer right, you keep the strip.
5. If you pull out a kaboom strip, you have to put all your strips back in the cup. The kaboom strip doesn't go back in the cup.
6. The game ends when there are no more strips in the cup. The winner is the player with the most strips.

Kaboom Up to 12 × 12 Times Table Strips

Teacher Instructions

Laminate and cut up these strips before playing the game.
